

Environmental Expo

All photos by Marcy Dugan see marcyduganphoto.com

Last Thursday the city held it's Second Annual Environmental Expo at City Hall. This was another example of the city's leadership in conservation. It was a "Mean Green" event. South Bay Environmental Services Center offered free CFL's, sign ups for Gas Company Energy Efficiency Kits and answered anything and everything about our environment. Southern California Edison also provided an education mobile. Additional participants included West Basin Municipal Water District, Water Replenishment District of Southern California, Electric Bikes LA, Solar-Vents Inc., Northrop Grumman and many more.●

Pets Without Partners

Makenzie

Murry

Delilah

Dogs and pups of all shapes and sizes are waiting for you in this week's "pets without partners."

Murry is a gorgeous Lakeland/Irish Terrier mix. He is currently four-months-old and is going to be a stunning dog when he grows up. Murry is happy, feisty, playful, loving, healthy and will make a great family pet. He loves to play with other dogs, toys, and chase balls; he is not cat-safe. Murry loves walks, is a great snuggle buddy and playful all around companion. Being a young pup, he will need someone to commit to housebreaking him. He is current on his vaccinations, microchipped and will be neutered soon.

Meet **Delilah** and her Teacup Chihuahua litter. The mother, Delilah, is only eight pounds fully grown. Her pups were born on May 22, 2009 and are available for pre-adoption at this time. They will be ready to go home after July 25--there are two boys and one girl. All the puppies are very sweet, friendly, active, playful, healthy and good-natured. These puppies will be small.

Because of their size and safety issues, we are going to ask that your children be over the age of 16. And don't forget wonderful Deliah – she would like a home of her own, too! Delilah and her puppies are current on their vaccinations, have been de-wormed, and will be microchipped and spayed/neutered.

Makenzie is a very sweet purebred Doberman Pinscher. He was found as a stray, very underweight and malnourished. Young at one- to two-years-old, Makenzie is strong and healthy despite his thin stature. He is a very good eater and is currently gaining weight. We have found that Mackenzie is also very talented. He loves to play fetch with his balls and toys. When you say, "Drop," he will willingly let go of his toy for you to throw to him again. With a treat or a toy in your hand, he is eager to sit, lie down and shake. Makenzie is a gorgeous boy. If you love this breed, you will love Makenzie. He is current on his vaccinations, microchipped and neutered.

To learn more about these and other wonder-

ful dogs and cats, visit our website at www.animalsrule.org. Or come to our Saturday adoption events from 11 a.m. – 3 p.m. at 305 North Harbor Blvd, San Pedro (look for the big red brick building just past the corner of O'Farrell). Our website is always current; if the dog's picture is on this website, it is still available. E-mail is the best way to communicate with us: info@animalsrule.org. We are always in need of donations for veterinarian bills and our senior dogs. Donations can be made though our website or by sending a check payable to: Animals Rule Placement Foundation at 305

Delilah's teacup pups

North Harbor Blvd. San Pedro, CA 90731. All donations are tax- deductible; we are a registered 501(C)3 non-profit organization. Saving one animal won't change the world, but the world will surely change for that animal.
