

Pets Without Partners

Moose

Big and small, black and tan, “pets without partners” are waiting to meet you...

Stanley is an adorable Chihuahua mix who is fully grown at 12 pounds and is around 11 months of age. He was found in the Costco parking lot and his owners were never located. Stanley is very sweet and charming and will worm his way into your heart when you meet him. You can even check out his own “YouTube” video on our website! Stanley is a very lovable guy, with beautiful markings. He is a bit shy when you first meet him. However after that first day with you, he is your new best friend! We don’t think he has been around that many children, so kids over nine years of age, please. Stanley is fine with all other dogs *and* is cat-safe. He is current on his vaccinations, de-wormed, microchipped and neutered.

Moose is a very special guy who we pulled out of the LA County Shelter System because he was in great danger. We have found out he is a Bull Mastiff bought from a breeder and born in April of 2007. He loves people and connects with everyone he meets instantly. He has a very soft, gentle, mushy, people-loving personality. He is *very* affectionate with people and *absolutely loves* children. He lived with three kids until they lost their house and Moose landed in the shelter. He is passive (he will roll over on his back for you to scratch his belly) and a **big love** of a dog. Moose knows how to sit, shake, lay down, and roll to his back. He walks great on a leash, is wonderful in the car, responds to corrections well, and does it all with his tail wagging. He is housebroken and fully grown at 79 pounds. He is a little underweight and could easily gain five more pounds. Moose has bilateral cherry eyes in these pictures, but has since had surgery to correct this. His eyes look wonderful! If you like and understand this breed, you will love Moose! He will not disappoint you. Moose will do best if he is placed as an only dog in your home; he is not cat-safe. Moose is sponsored by Sandy and Gary in honor of Happy, our sweet Sheltie who brought joy, love and lots of barking into our life for the past nine years. Moose is current on his vaccinations, microchipped and neutered.

Meet **Schroeder**! He is a Yorkie mix...or maybe a Silky mix, 5 1/2 pounds and a total ham. He is about a year old. Schroeder is perky, spunky, friendly, loving, silly, playful, and an all-around good-natured dog. He is friendly with all the other dogs here

Schroeder

Stanley

at the rescue and really only interested in playing, playing, playing and how seeing much attention he can milk out of you. He was found as a stray and his owners were never located. Schroeder is a breath of fresh air and you will fall hard for him when you meet him. He would be best placed with children over the age of 10, and this is for the dog's safety, on a property with doors and gates. We don't want him getting lost again. He is cat-safe and we do not know if he is housebroken. Schroeder is current on his vaccinations, microchipped and will be neutered soon.

To learn more about these and other wonderful dogs and cats, visit our website at www.animalsrule.org. Or come to our Saturday adoption events from 11 a.m. to 3 p.m. at 305 North Harbor Boulevard, San Pedro. Look for the big, red, brick building just past the corner of O'Farrell. Our website is always current. If the dog's picture is on this website, it is still available. E-mail is the best way to communicate with us: info@animalsrule.org. We are always in need of donations for veterinarian bills and our senior dogs. Donations can be made though our website or by sending a check payable to: Animals Rule Placement Foundation at 305 North Harbor Blvd. San Pedro, CA 90731. All donations are tax- deductible. We are a registered 501(C)3 non-profit organization.

Saving one animal won't change the world, but the world will surely change for that animal.

Happy Tails

Dixi

Dixi is one of three pups born to our beautiful Delilah. She's off to a fabulous start with her new family in her "forever home"....

“Hello!! Oh my gosh; thank you so much for those pictures!! Those were amazing and great memories of her earlier time!!! I loooove them!! So we have changed her name, Dixi to “Chura”. Dixi was so cute, however I have wanted to name my 1st dog “Chura” - it means “beauty” in Okinawan which is where I’m from. (pronounced as chula) She has been great so far! 1st day, she just slept; didn’t eat or drink water that much and didn’t pee or poo that much either. She was very, very closed into herself and sensitive to everything and shy. Now, today was our 2nd day and she has been

more active, ate more, digested more, and more friendly towards us! So cute. We are trying to potty train her, but she already knows when she goes outside, she does her thing, yet have pee/poo inside of the house as well..... we are going to keep trying! I will send some pics of her here. Thank you so much for allowing us to have her in our lives!! We are truly blessed to have her!!!! Thank you so much for being nice and great at contacting us and willing to help! Talk to you soon.”Rino & Lee

When you adopt a “pet without a partner”, you will forever make a difference in their life and they are sure to make a difference in yours. •

Purrfect Companions

Emmy Lou

Sophie

Cuddly cats and kittens are waiting to be your purr-fect match...

Patience is a perfect little lady with a beautiful, fluffy white coat with lovely little patches of Tabby coloring. She looks a lot like a rag doll, and certainly has the right personality traits: Laid back, cuddly and dog-like. Her foster mom named her Patience because she has been patiently waiting all her life to finally find someone who will appreciate and take good care of her. She was found clinging to life in a not-so-great part

Patience

of Long Beach. Most of her fur was missing and her skin was red and irritated. Thank goodness this guardian angel scooped her up and rushed her off to the vet. After some recovery and a lot of great care, Patience is finally on the hunt for her forever home! Her fur has completely grown back and she is in perfect health! Patience also wants you to know that she is really well-behaved and uses her litter box every time, just like the
