

Pets Without Partners

Bonnie

Ty

Come and meet these and other cool canines who are waiting to share your dog days of summer.

Bonnie is beautiful, chocolate Labrador/Staffie mix who is five years old and currently weighs 55 pounds (she is losing weight). She is a very loving, sweet, sweet dog. Bonnie was adopted into her forever home two years ago. Because of the economy, her home was foreclosed upon and she was tearfully surrendered back into rescue. Bonnie feels a little lost and confused due to the loss of her home, but she is a real trooper who adapts well and is coming along wonderfully. Bonnie is always happy, her tail is always wagging and she has the ability to light up a room with her personality. She is a truly wonderful dog and worth meeting. Bonnie is a great family dog who is fully house-trained, and great with kids and other dogs (but *not* cat-safe). She has completed basic obedience training level one—she walks great on a leash and knows “sit,” “stay,” “come,” “down,” “shake” and “roll over.” Please help Bonnie with yet another fresh start. She is an easygoing, sweet-tempered dog who deserves a forever home. Bonnie is current on her vaccinations, microchipped and spayed.

Dex is the last puppy in our Italian Greyhound/Chihuahua litter. He was born on May 22, 2009 and currently weighs three pounds. He will remain a small dog under 10 pounds when fully grown. There were only three puppies in this litter and they are all very sweet, friendly, active, playful, healthy and good-natured dogs. Their mother, Delilah, is only eight pounds fully grown. This puppy is small, and because of his size and safety issues, we are going to ask that your children be over the age of 12. Please submit an application if you are interested and we will contact you with an appointment. Dex is current on his vaccinations, has

Dex

been de-wormed and microchipped, and will be neutered when of age.

Ty is a beautiful, purebred Tibetan Mastiff. He is a stunningly handsome boy with his lionesque red coat. He is as sweet as he is big. Ty is three years old and weighs over 120 pounds. He is very friendly and affectionate with people, great on a leash and a very go-with-the-flow kind of dog. He has had some obedience training and can sit, shake and lay down on command. He has a very thick coat and would not do well in the heat unless he can be inside in the A/C. Everyone who comes across Ty instantly loves him. He has a very calm and endearing personality and is a truly gentle giant. Don’t get us wrong—he can also get silly sometimes. Ty would do best in a home by himself or with a female dog. Ty is completely housebroken, but he is *not* cat-safe. He is current on his vaccinations, microchipped and neutered.

Dixi

Dixi is one of three pups born to our beautiful Delilah. She’s off to a fabulous start with her new family in her “forever home”....

“Hello!! Oh my gosh; thank you so much for those pictures!! Those were amazing and great memories of her earlier time!!! I loooove them!! So we have changed her name, Dixi to “Chura”. Dixi was so cute, however I have wanted to name my 1st dog “Chura” - it means “beauty” in Okinawan which is where I’m from. (pronounced as chula) She has been great so far! 1st day, she just slept; didn’t eat or drink water that much and didn’t pee or poo that much either. She was very, very closed into herself and sensitive to everything and shy. Now, today was

our 2nd day and she has been more active, ate more, digested more, and more friendly towards us! So cute. We are trying to potty train her, but she already knows when she goes outside, she does her thing, yet have pee/poo inside of the house as well..... we are going to keep trying! Thank you so much for allowing us to have her in our lives!! We are truly blessed to have her!!!! Thank you so much for being nice and great at contacting us and willing to help! Talk to you soon.”Rino & Lee

When you adopt a “pet without a partner”, you will forever make a difference in their life and they are sure to make a difference in yours. •
