

# Pets Without Partners

Cuddy

Thirteen

Eddie

Dolly

Wilson

Would you like to meet one of these or other pets without partners? Come to our regular Saturday adoption events or meet us at the Manhattan Beach firehouse for the Manhattan Beach Hometown Fair, October 3 and 4.

**Eddie** is a gorgeous Tibetan Spaniel who was pulled from the LA City Shelter system. He is a very sweet little guy and pretty happy-go-lucky in his personality. Eddie is fine with other dogs and kids over the age of 10, and is fine with cats. He is great on walks, loves everyone he meets and is looking for his forever home. We believe Eddie to be housebroken. Eddie is current on his vaccinations, microchipped and neutered.

Sweet little **Dolly** was thrown away in a black trashcan in Venice Beach. Yes, a trashcan with the lid closed during this past heat wave. Imagine going out to throw your trash away and lifting the lid only to find a sweet, little, adorable puppy staring up at you--and sweet she is! You will love this little girl. Dolly has the most adorable underbite, and smiles at you when she is excited. Dolly is healthy, happy, spunky, fun, genuine and the real deal as far as the love she gives you when you just hold her. This is a no-issue puppy who loves everyone, plays well with all the other dogs here at the rescue, is a fantastic eater, and wants nothing more than to just be loved. Dolly is a must-see. We guarantee

you will be smitten when you meet her. Dolly is current on her vaccinations, microchipped and will be spayed soon.

Little **“Thirteen”** was named as part of this amazing litter, including her mom and dad, after the cast of the TV show *House* because, of course, they are all looking for a house! This is an amazing story of survival by Mom (**Cuddy**), Dad (**Wilson**) and their three pups (Chase, **Cameron**, and Thirteen) who were born on July 27, 2009 in a field and survived a two-month heat wave out on their own. Mom, Dad and all three puppies survived the heat despite being eaten alive by fleas and ticks, and starving for food. So without further ado, meet Thirteen. She is an amazing puppy and survivor who is the runt of the litter and one tough cookie. Thirteen is a very loving, sweet, silly, playful, well-adjusted puppy. She is an avid tail wagger and full of spunk. Cameron weighs 1.6 pounds as of September 10 and will be available to go home after October 1. She is available for pre-adoption at this time. Thirteen is current on her vaccinations, de-wormed, microchipped, and will be spayed soon.

Saving one animal won’t change the world, but the world will surely change for that animal.

# Happy Tails

Chloe had everything going for her, intelligence, beauty, great personality. But what she wanted the most was a family of her own. Animals Rule matched her up with a terrific family and now Chloe has it all! This update was sent on Chloe’s progress with her new family.

“Hi, Everything is going great! I did change her name and I went with Chloe. I hope you think its ok. It took a lot of thought for some reason and with a consensus from family and friends, they helped me pick.

The doggy door is working great as she knows how to use it already and does a great job using it when she is left alone. As for when I’m home that’s another story (haha). We go outside and she just stares at me and then on occasion goes back in the house and uses my carpet. But it’s only been three days, so she’s doing good for the most part. If you have any suggestions, I would love them!

She’s doing really good when left alone. She cries for a few minutes but then stops and is usually sleeping when I get home. Steve (the guy you met) has been checking on her for me just to make sure she’s ok.

Thank you again for everything she really is an amazing and perfect dog!” Melodie

When you adopt a “pet without a partner”, you will forever make a difference in their life and they are sure to make a difference in yours. •

# Purrfect Companions

Maddie

Hermione

Looking for your purr-fect match? These are just a few of the many cats and kittens waiting to share their love with you...

**Maddie** is a solid white American Short-hair mix with one crystal blue eye and one golden eye. Just as is expected with her breed, Maddie is very good-natured and sweet, with the muscular body of a feline athlete. And indeed she is a little athlete! At a very young age, she started performing feats that only kittens who are weeks older usually perform--jumping high in the air and climbing up even the tallest cat tree/condo in her foster home. Maddie loves to purr and will purr the entire time you play with her--and of course, when you are petting her and snuggling with her. She loves all cats and wants to be friends with everyone. Maddie is definitely the rough and tumble girl and wants a forever home where she will have another kitten that is just as much of a play monster as she.

**Hermione**, who also responds to the name Baby, is a playful and happy female. You can tell when she’s happy because she fluffs up and her little tail quivers. Hermione is small for a full-grown cat, weighing around seven pounds (she looks smaller). She may be small, but she’s feisty. Hermione also enjoys chasing laser pen lights and fishing pole toys. She is very bright. Recently, she accidentally got outside (Hermione has always been an indoor cat), but was smart enough to come to her foster mom when called. At night, Hermione loves to cuddle with her foster mom, sleeping on or around her legs. She is not a lap cat like her half-brother Jett, but she does like to lie beside you.

Are you unable to adopt, but would love to have a kitty in your home? With “kitten season” in full bloom, we have an urgent need for foster parents. Interested? Please email us at [eskittycare@yahoo.com](mailto:eskittycare@yahoo.com) for more information.
