

Pets Without Partners

Buster

Disco

Looking for “man’s best friend?” Adopt one of the millions of dogs in local shelters across the country. Being a responsible pet owner requires more than simply agreeing to take an animal into your life; you should be ready to make a commitment that will enhance both your life and the life of the precious pet that has already once been abandoned. So you’re ready? Check out this week’s “pet without partners.”

Buster is a great little wire-haired Dachshund/Terrier mix. He is 10-11 months old and fully grown at 12 pounds. This is a very sweet boy who will bond easily with other dogs. He is currently learning to walk on a leash and he is housebroken. Buster is good with all the other dogs his size here at the rescue. He is sponsored by Donis and Robert McGeeney in honor of Blaze, adopted from Animals Rule Rescue. Buster is current on his vaccinations, microchipped and is neutered.

Pandora is a stunning, six-month-old, purebred Bull Mastiff. Pandora, or “Panda,” as we call her, is an extraordinary dog. She had a spectacular, joyful personality. “Panda” is loving, endearing, playful, sweet, happy, and 100 pounds of puppy. Be prepared that she will easily grow to be 125-145 pounds fully grown. Pandora will definitely need a basic obedience class and will need someone to commit to potty training her as well. Pandora is all puppy, is curious about everything and loves the water. She *loves* playing in the water hose; it wouldn’t surprise us if she goes into a swimming pool. She will love the beach. Pandora will be fine with other dogs, but since she is a big girl she might knock over small children and toddlers with her enthusiasm. So we would prefer to place her in a home with older kids, please. We are looking for an owner who is educated on and loves this breed of dog. They are big, they are slobber, and they eat a lot of food, but they are also loving, sweet and gentle. You will adore Panda if this is the breed you love. Pandora is sponsored by Sandy Schuck in honor of BooBoo, her Rotti, adopted from Animals Rule. Pandora is current on her vaccinations, microchipped and spayed.

Disco is the conversation piece you have been looking for all these years. Look at those ears! He is the sweetest dog, full of personality and with a spectacular disposition. He is a year old and stands just under

your knees; he is a small- to medium-sized dog, about 30-35 pounds. Disco is friendly with other dogs and good with children. He is very happy-go-lucky in his personality. As for those ears...you will definitely be smitten when you meet him. Disco is neutered, current on his vaccinations, and is microchipped. Disco is fostered by a fellow rescuer. Please fill out an adoption application from www.animalsrule.org website and it will be forwarded to him.

Brutus is a great boy. He has some American Bulldog in him and some Terrier too. He is a mature dog at six years of age and weighs about 65 pounds. He is a great go-with-the-flow kind of dog. He likes to sunbathe and lounge around. He is good on a leash, likes to go for walks and loves to ride in the car. Brutus would do best as an only dog. He likes all the attention. He is fine with kids, but he is not-cat safe--he likes to chase them. He is, however, a really great dog. He is a total love bug who is mild-mannered and will make a good addition to a very lucky family. Brutus is neutered, current on his vaccinations and microchipped. Brutus is fostered by a fellow rescuer. Please fill out an application from our website and it will be forwarded to her.

Purrfect Companions

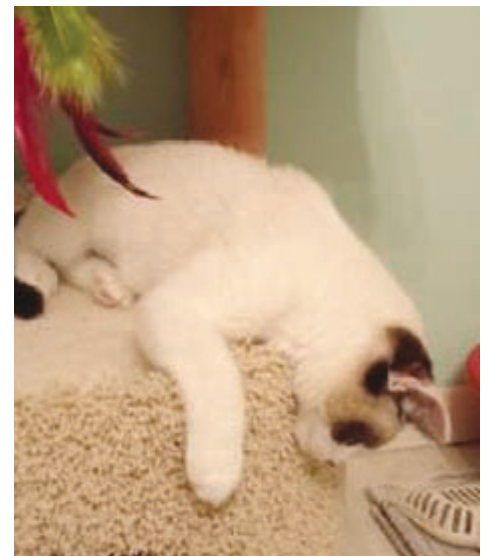

Jackson

Magellan

Greta

Roxie

“Action **Jackson**,” as his rescuers affectionately call him, is full of personality, love and sweetness. His favorite hobbies include being petted, playing soccer (pinball style), playing fetch, chasing ropes, eating wet food, purring in your arms, and carrying on conversations with you! Jackson has many typical “Bengal” personality traits, with a spotted tummy to match. Once he grows into his big ears and big paws, we do expect that he’ll be an impressively large adult. He doesn’t like being alone and would especially love to be adopted with his sweet sister, Penelope, or, as a distant second choice, to a home with another young (and active!) cat.

Magellan will truly win your heart. How many kittens do you know who will allow their foster mom to dress them up in Hawaiian T-shirts? My guess is not many! That is how perfectly sweet and perfectly spoiled Magellan is. He loves other cats *and* dogs, too. When you meet Magellan, be prepared to fall in love!

Roxie is a sweet, gentle and playful kitty who is a joy to have and hold. She is a beautiful Snowshoe, and words can almost not describe how strikingly pretty she is. She loves to relax on her cat furniture after play sessions of rolling and chasing balls, and batting at hanging feathered toys. She is a wonderful companion kitty with the perfect mix of lap kitty and independence. You will fall in love when you meet her. She is a true princess. Roxie would love to be adopted along with another kitten/young cat from her rescue group or into a home that

already has a kitten/cat who wants a friend.

Greta Garbo is a beautiful Calico girl. She is gentle and sweet and so grateful to be rescued from the harsh streets. Greta loves to be petted, and purrs loudly when she is close to you. She would adore a home with another cat or kitten. Greta loves to chase her toy mice and feathers and watch you work on the computer. She is as sweet as she is gorgeous! With Greta, beauty is clearly more than skin deep.

These kittens/cats are available for adoption through Kitten rescue, one of the largest cat rescue groups in Southern California. All of our kitties are spayed/neutered, microchipped, tested for FeLV and FIV, de-wormed and current on their vaccinations. For additional information and to see our other kitties, please check our website at www.kittenrescue.org. You can also email us at mail@kittenrescue.org to find out more about this week’s featured pets and to contact us about adoption.
