

Happy Tails

Dolly (left), a true gem.
“One man’s trash is another’s treasure.” Sadly, precious little Dolly was literally thrown away in a trash can. Now, thanks to the Manhattan

Beach Sun newspaper and the Manhattan Beach Fire Department’s adoption event during the Hometown Fair, Dolly was seen as the true little treasure she is and found her forever home. Here is what her new family had to say....
“Hi, Dolly is now “Holly” and she is doing great. She and Sheba are having fun and getting along good. Holly gets lots of love and walks each day.
She is great in the crate and sleeps through the night with just one or two minutes of whining.
Potty training is going well, she is a fast learner and Sheba is helping! Thanks for all the great photos!! We will see you in November...The Tatum’s”
When you help or adopt a “pet without a partner”, you will forever make a difference in their life and they are sure to make a difference in yours. •

Puurrfect Companions

Pippy

Katie

Milford

Kate Moss

Cute kittens and cuddly cats are waiting to find their purr-fect match. Could you be theirs?
Katie is a beautiful young girl still waiting for a loving home. She’s a gorgeous, medium-haired black kitty who is very much a people cat. If you come over to visit, Katie will be right by your side, rubbing up against you, purring and purring. Her foster mom calls her “Snuggly Girl.” Nothing makes Katie happier than to sit on your lap and feel safe and loved. She was nursed back to health with her siblings as a kitten by her human foster mom. Now she’s grown up. Like many cats who weren’t adopted as a kitten, Katie is still waiting for her own home. There are just so many kittens during kitten season. Adopt Katie and she will love you back and be your friend forever.
Milford is a cuddly guy who loves to snuggle and purr as he sleeps with you. He gives love and enjoys every human he meets! Milford is very playful, and loves to run, tumble and bounce around. His foster family laughs as they watch him have fun. He likes other kitties too! He is currently fostered with Pippy and would love to find a home with her. But Milford is available to be adopted into a home that has a young kitten/cat already, as long as his new sibling wants a friend.
As you can see, **Kate Moss** is very photogenic and is as sweet as she is beautiful. Kate loves other cats and even dogs. She is a petite, six-month-old female Dilute Calico who was a station fire rescue kitty. Along with her passion for floral arrangements, Kate Moss loves to model, snuggle, face-rub and dance the night away. She loves to

sleep on your chest and wants to be your constant companion during these chilly autumn evenings.
Pippy is just what her name says--pippy! She is always bouncing around, playing, meowing, and asking for her foster mom to give her lots of love and attention. Pippy will jump on your lap to get attention. She loves human interaction that much! Because Pippy was bottle-fed and has only known a human mother, she craves human attention. She is totally sweet and loving. Pippy starts to *purr* as soon as you look at her. She is very social and playful, loves her siblings and can usually be found playing with one of them.
These kittens/cats are available for adoption through Kitten Rescue, one of the largest cat rescue groups in Southern California. All of our kitties are spayed/neutered, microchipped, tested for FeLV and FIV, de-wormed and current on their vaccinations. For additional information and to see our other kitties, please check our website www.kittenrescue.org. Pets Without Partners

Wilson

Thirteen

Cuddy

Cameron

Chase

We theme-named this amazing litter, including the mom and dad, after the cast of the TV show *House* because, of course, they are all looking for a house. Individually or in a pair, these great little guys and gals will help make *your* house a home. So think about adopting one of these “pets without a partner.”
Wilson is an amazing father and one of the sweetest dogs we have ever had come through rescue. He has a spectacular personality and makes us laugh on a daily basis. You might not think he is one of the most attractive dogs with his gremlin face, but you will fall head over heels for this friendly fellow. Wilson is a Miniature Pinscher/Chihuahua mix who is approximately one to two years old and weighs 13 pounds fully grown. Wilson is interested in everything that is going on around him and is just a love of a dog. He enjoys his daily walks, is fine with other dogs, is a fantastic eater and just loves people. Wilson is a must see - his personality will win you over. He is sponsored by Donis McGeeney and Bob Kelly. Wilson is current on his vaccinations, microchipped and neutered.
Cuddy is the loving and devoted mother of the *House* litter. She is a very good-natured dog--so lovable and endearing in her personality. With her very sweet, loving personality, Cuddy is happy all the time and never stops wagging her tail. She is great on a leash, loves to go for walks, and adores people. She is a Chihuahua mix who is one to two years old and weighs 12 pounds fully grown. When you meet Cuddy, you will instantly fall in love. Cuddy is current on her vaccinations, microchipped and has been spayed.
It is not often that you get to meet both the dad and mom of a litter. With two amazing parents, Cameron, Thirteen and Chase

are sure to be award-winning members of your family.
Cameron is an amazing survivor and one tough cookie. She is also a very loving, sweet, silly, playful, well-adjusted puppy. Cameron is currently in foster care where she is almost completely housebroken. Weighing six pounds as of October 24, 2009, Cameron is ready and waiting to steal your heart. Cameron is current on her vaccinations, has been de-wormed, microchipped and will be spayed when of age.
Thirteen is the runt of the litter and a sweet little survivor. Thirteen weighed a mere five pounds as of October 25. She is an avid tail wagger and is full of spunk. You will adore her very loving, sweet and silly personality. Thirteen is currently in foster care where she is almost completely housebroken. Thirteen is current on her vaccinations, has been de-wormed, microchipped and will be spayed soon.
Last but not least, meet **Chase**. He is the leader of the pack and the biggest puppy at a whopping 7.5 pounds as of October 25. Chase is extra happy all the time. This great pup is an avid tail wagger and is very outgoing and adventurous. Like his siblings, Chase is a very loving, sweet, silly, playful, well-adjusted puppy. He is also currently in foster care where he is almost completely housebroken. Chase is current on his vaccinations, has been de-wormed, microchipped and will be neutered soon.
