What I Did this Summer

Hi! My name is Eliana Szabo. This summer, my family and I moved to Manhattan Beach from Budapest, Hungary. My sister and I love going to the beach with my dad. We learned how to Boogie board and to build really cool sand castles. We also learned how to ride two-wheeler bike. My other sister, who is only four, learned how to ride a bike with training wheels. I also had my eighth

birthday! We went to my Aunt and Uncle's house to celebrate. For dinner, my family took me out to 'Johnny Rockets'. This was the good part of my summer. The bad part was that I had to go to the hospital because I got bitten by a tick and got Lyme disease. It's a scary illness that usually comes with meningitis, which is another scary illness. Well that was my summer. Bye!

Last Week's Question: *Do you like President Obama*

ANSWERS:

No, I don't like what President Obama is doing with the country. He's moving down a slippery slope that is not good for our capitalist way of governing. He's moving towards a more socialist and frankly, communist way of governing. An example is what he is planning to do with health care. He's trying to pass a health care system similar to Canada or Great Britain. Everyone will have health care, but the quality will suffer by an immense amount. It is a flawed system. It doesn't work.

S.F. El Segundo

Yes, I like President Obama because I think he is doing a great job! He came up

with the cash for clunkers program, which was a huge success. It was also a great way to save money and improve the environment.

S.L. El Segundo

It's very early in his presidency so I think it's too soon to judge him. We need to wait a couple of years to see what he does for the good of our country.

S.K. Manhattan Beach

President Obama makes me see the possibility that I could be President some day.
