This Week's Question: *What was your favorite Summer movie?*

Last Week's Question: *Do you have too much homework?*

ANSWERS

Yes, I have too much homework. Sometimes teachers will overwhelm you with homework that is not necessary. For example, in ninth grade math I took Algebra I AB. I understood the concepts when she would teach them in class and then make you do problems in class. Then you could ask her questions at that time about concepts that you don't understand. Some teachers just lecture for the entire class time and give you a load of homework to do at home. There is not opportunity to try out concepts or theories or to ask questions during class time.

Yes, I have too much homework. My seventh grade math teacher gave us unnecessary homework. It was unnecessary because she would lecture us in class and have us do problems. Then she would give us more pages of problems to do at home. I think it's a bit overkill

No, my seventh grade Language Arts teacher would not give too much homework because she would lecture and make us think and understand the concept in class. If the class did not have too many questions on the subject she wouldn't give us homework for that night.

What I Did this Summer

My name is Laura Suffoletta and I had a great summer! My family and I took a mini vacation to Las Vegas, where I did a lot of swimming, shopping and eating. I also visited the Bodies Museum, the Titanic Museum and went to Nathan Burton's show. I shopped at many different outlets and malls. I also ate at a seafood buffet, which included lobster, my favorite!

I spent a lot of time at my friend Malory's house. She has a swimming pool in her backyard, so we did a lot of swimming. We would swim all day, eat, swim again, eat, and then spend the rest of the night in the jacuzzi. When the day was over, my fingertips looked like raisins! We took many pictures with my underwater camera, which

is the coolest invention ever!

I also spent a lot of time at my friend Maddie's house. She and I would ride bikes to the Dollar Tree around the corner and buy a bunch of candy. We also painted our nails with nail polish that changes colors in the sun.

When I wasn't with my friends, I would be at cheer practice.

I cheer for California All-Stars. Our team is awesome! I took a few private lessons and learned to do a "suicide" in one hour! A "suicide" is when you do a front tuck and land on the ground with one leg bent and one leg straight. I'm so looking forward to competition season.

So, this summer I had a great time with my friends and family!
