Nantucket in the Trees

2100 Pine, Manhattan Beach

Custom built with a nod to the Nantucket style of life, this quality built home combines the warmth of the East Coast tradition with Manhattan Beach living at its best. Recently completed, no expenses were spared in combining the modern conveniences of today with the quality craftsmanship of yesteryear. Upon entering, one is transported back to the golden age when homes were built by craftsmen and meant to last for generations. The wide plank, select hardwood flooring was carefully hand distressed to complement the reclaimed antique lumber used through out the home.
