

Happy Tails

Sawyer living it up in Manhattan Beach.

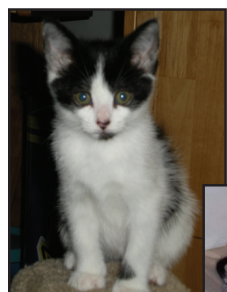

Sawyer found his forever home with Gus thanks to the Manhattan Beach Sun newspaper. Thank you Herald Publications! Another dog found his forever home thanks to you!;

"Hi! We are 110% happy with Sawyer, now called Remy (short for Remsen.... my husband's hometown in Iowa). He has a wonderful personality and the older dog Gus is "tolerating" him although, I think he likes

having him around, but pretends to be aloof at times. Gus has more energy now keeping up with Remy. I am attaching a picture of the two dogs in one bed...I never thought that would happen, but I think dogs love dogs and Remy loves everybody and every dog. Thank you so much for taking care of Remy while he waited to join our family."

Puurfect Companions

Steffie

Steffie and friend

Callie

Cobe

These three little kittens aren't interested in mittens; they just want to be lost in love with you! Please give one a forever spot in your heart and home.

Small and mighty, 12-week-old **Steffie** was found on the side of a road at five weeks old. Way too young to survive on her own, she was likely abandoned along with her littermates and is the sole survivor. Steffie is a leader with an agenda based around having fun. In addition to loving to play with the other kitties in her foster home, Steffie enjoys snuggling with her humans and purrs all of the time. Just pick her up and she starts purring. She is also the motherly type and can often be found grooming and loving up the other kitties in her foster home, though she is smaller and much younger. Steffie would love to be adopted into a forever home along with her best friend **Callie**, or she can also be adopted into a home that already has a young cat (under a year). She needs a young feline friend. In addition, Steffie is dog-friendly, though she will want to be the boss.

Siblings **Callie** and **Cobe** (five months old) suffered severe neglect as very young kittens. They are now just loving life since they are in a foster home and receiving proper love and attention from humans. Callie is super beautiful with stunning green eyes and a sweet and loving disposition. She enjoys cuddling and sleeping with her foster parents and can often be found snuggling up with them under the covers. She wants to be friends with all of the kitties she meets and is a very social being. Her best friend is Steffie; the two hang out together and play together all of the time. Callie would love to be adopted into a home along with her

best friend Steffie. She can also be adopted into a home with another young cat who wants a friend. Cobe is a very handsome and loving fellow who is very easygoing, gentle and affectionate. His big golden eyes add to his strikingly beautiful black and white coat. Given his history of neglect, there is nothing better than exchanging affection and love with this sweet boy. He wants to be around his humans all of the time and seeks reassurance that he is valuable and loved. Cobe would like to be adopted into home where his parents are around a lot and can give him plenty of attention. He would also like to have a gentle and loving feline friend in his forever home.

Kiera

Miley

Beautiful dogs with friendly faces and hearts full of love are waiting for you when you adopt a "pet without a partner."

Miley is a one-year-old, super smart and very sweet Golden Retriever mixed with a little bit of Shar Pei. She is a very unique looking dog and is gorgeous! She knows sit, shake and down and she also knows how to crawl on her belly on command. Miley is good with other dogs, is very athletic, smart and a quick learner. She is very affectionate and loves to give kisses. Miley is fully grown at about 40 pounds. She is a beautiful, friendly, very lovely dog and will play fetch for hours. She is not cat-safe. Miley is current on her vaccinations, spayed and microchipped.

Dean is a stunning blue American Pit Bull Terrier. He is not papered, but he is a pure breed. Dean has hazel green eyes that are to die for, and his beautiful blue coat complements his face. This is a very sweet and nice dog. He has had some basic obedience training, is around 11 months old and already weighs 60 pounds, so he will be a big boy. He loves to go for walks and he is good on a leash. Dean is a fabulous boy who was found as a stray and his owners were never located. He is great with other dogs and kids as well. This goofy, floppy, happy-go-lucky guy will win you over with his great personality when you meet him. Dean is current on his vaccinations, microchipped, and neutered.

Kiera is everything you would be looking for in a dog. She is the happiest dog in the world with a very friendly temperament; her tail is always wagging and she loves everyone she meets. Kiera loves to play with her toys, has good play manners with dogs her size and is wonderful with children. She is being fostered with four children and is great with all of them. As a Rottweiler/Doberman mix, she is the best of both breeds, is around four years old and weighs 65 pounds fully

grown. She is housebroken and cat-safe. Kiera is current on her vaccinations, spayed and microchipped.

Emma is a beautiful, petite little Brindle who is 10-12 months old and weighs only 25-28 pounds. She is housebroken, good with other dogs, cat-friendly and is also good with kids! Emma is so smart, she will sit, lay down, and come on command – she learned this all in one class! She is enrolled in training, which will be available to her new family at no cost. We are hoping to find Emma her forever home; she is a great dog who is very adaptable and will easily transition into her new home. Due to lack of space at the rescue, Emma is being boarded and we are in need of a foster home or assistance with boarding; any donations are greatly appreciated.

If you are interested in adopting or fostering Emma, or donating towards one of our several dogs in boarding, please contact Lisa or Shayleen at (310) 691-4660. All donations are tax-deductible.
