District Eyes Uniform Policy

By Dylan Little

Hawthorne School District superintendent Helen Morgan gave a presentation to the School Board on how to proceed with the district’s long-sought-after goal of making uniforms the default attire for their schools. During the September 24 meeting, Morgan laid out the possible benefits and costs of implementing a mandatory uniform policy.

Uniforms aren’t new to Hawthorne; many of the district’s elementary schools have an opt-in policy. However, the rules change with mandatory uniforms. Requiring them means giving parents a six-month notice, so if the district would like to begin requiring uniforms for the 2015-2016 school year, it would have to notify parents by January 2015.

“Even though we’ve had uniform policies in our school before, I think we have to go back and go through this method,” said Morgan.

The district would also be required to allow parents an opportunity to opt out of having their children wear them. In addition, the district wouldn’t be able to penalize students for not wearing uniforms, reward students for wearing them, or require parents to have a compelling reason for opting out. Morgan said limiting parents’ right to opt out of the policy is “very muddy” and could result in a legal battle with the ACLU.

“In California we would have a harder time doing that,” said Morgan. “If we said no to some one who chose to opt out we may have to fight a legal battle and other districts have in the past.”

Despite these challenges, according to the National Center for Educational Statistics uniform policies are on the rise nation-wide. In the 2011-2012 school year, 19.3 percent of schools required uniforms, compared with

only 13.5 percent in the 2003-2004 school year. These policies are intended to lead to a number of benefits, including a sense of belonging, improved attendance, improved academic performance, decreases in bullying, and increases in safety. However, Morgan’s research on the subject found some of these claims hard to prove.

“I did some research... and the research was ambiguous at best,” said Morgan “For every article I could find that said it had a positive impact I could find an article that said it had no impact. I even found a couple articles that said they had a negative impact, but those were fewer than most.”

Perhaps the most important perceived benefit is better academic performance: however, it was also one of the more dubious claims. “The impact on achievement is almost non-existent,” said Morgan. “Even the articles that said there were increases in student achievement, the amount of those increases were very slight, very minor increases.”

Not all the results of uniform policies were inconclusive. Morgan’s research showed attendance and behavior improved, which could lead to academic improvement as well. She also found the results of uniform policies were magnified in districts similar to Hawthorne.

“There [is] research that shows attendance and improved behavior are an outcome of uniform policies,” said Morgan. “Which in my belief is, if you have students at school who are behaving, academic achievement is naturally going to go up.”

The district has also held a number of surveys on the topic. At the elementary level, between 80 and 69 percent of parents are in favor of uniforms at each site: however, the middle school results were lower, with only

32 percent of parents in favor at Prairie Vista (the lowest in the district) and 67 percent in favor at Bud Carson (the middle school most in favor of uniforms.) Hawthorne Teachers and Educators president George Amaya questioned whether uniforms would catch on in middle school. “I think it will be a tougher sell at the middle schools,” said Amaya.

Morgan responded by saying that the district’s middle schools are where they are needed the most. “If we move forward with this, the middle schools are our target,” said Morgan. “At the middle school level is when gang attire becomes an issue.”

The district would also have to provide assistance for lower income families if the uniform policy was made mandatory. Morgan projects that the cost of providing uniform assistance and maintaining a cache of extra uniforms at each school site would be about \$330,000, with additional costs for cleaning, although she also mentioned services like uniform rentals that might impact this estimate. She also would like to see \$120,000 in funding for an employee dedicated to overseeing uniform maintenance.

“I think this is a critical piece,” said Morgan. “It’s critical that we have staff to help this be successful. If we add this to the plate of someone who’s plate is already full, this will be the part that falls off.”

The Board shared Morgan’s excitement at bringing uniforms to Hawthorne, although they had many questions. Morgan vowed to continue researching the issue and pin down more the next step more precisely at future meetings. “This is our first conversation,” said Morgan. “There needs to be many more conversations, we aren’t going to hash it out tonight.” •

School Meals More Popular at Wiseburn

By Dylan Little

The Wiseburn Unified School Board was appetized by a presentation from Janet Lusk, director of dining services at Chartwell, the company that recently took over providing food services on how the new lunch system is working out in the district's schools. During the September 25 meeting, Lusk said that both students and staff are adjusting to the new meals, but thoroughly enjoying them as well.

Chartwell rolled out its lunch services to Wiseburn starting on September 2 and since that time has seen an uptick in students taking prepared lunches at school instead of bringing their own. Anza Elementary had nine percent more students eating school lunch, Burnett Elementary had a 15 percent increase, Cabrillo Elementary had a 21 percent increase and Dana Middle School had over twice as many students eating school lunch with a 59 percent increase.

"It was a lot more than we expected," said Lusk. "We've done 3,000 more meals at Dana in the last three weeks, which is great. The feedback has been incredibly positive. The parents are very happy with the choices, the principals are happy and the kids absolutely love the food."

Board president Roger Banuelos said that

even these increases don't show the true extent of how many more students are eating their lunches. He said that while the 2013 numbers for students receiving school lunches weren't as high as they are now, they were inflated by students taking a lunch and not eating it or only eating part of it. Now Banuelos believes more students find their school lunches delicious to the last bite.

"The parents are very happy with the choices, the principals are happy and the kids absolutely love the food."

"The numbers are extremely encouraging," said Banuelos. "Even those they were receiving the lunch, they weren't eating them or they weren't consuming all of the lunch."

Lusk said she is still looking to add features that will make meals more enjoyable for students. Since school has started Chartwell already has added a salad bar to Cabrillo. While Lusk said students are excited about the choices it opens up, it does lead to longer lines.

"Of course for the little ones its very exciting for them, but the bargain is that it slows the line down just a tad," said Lusk. "I'm hoping that as they get used to it they will pick it up

and be more familiar with it."

Lunch line length has been a concern with the new lunch system. While every student does have time to receive and eat a lunch, the mealtime length has been cutting into students' recreation time. Lusk said that as students become more familiar with the new lunch system wait times should be reduced, but she also counts reducing serving time as an area cafeteria staff can improve.

She is also providing training to cafeteria staff on more effective ordering in order to reduce waste. However, the food waste issue does have another side. Some students have complained about not receiving the meal they ordered, such as having a cold lunch when they requested a hot one. Lusk would like to see schools prepare extra meals for cases where there is overrun, even if it does end up with more wasted food.

"I don't want to encourage waste, but I would rather throw out 20 lunches than have one kid not be able to eat," said Lusk.

While there are still some quirks to work out of the system, Lusk said overall the food service staff has handled the transition to preparing fresh meals very well. "They are doing a really great job," said Lusk. "If you

consider heating [moving] from heating frozen meals to now preparing all these meals, they are getting it done. On a whole, I couldn't be more proud of the staff."

One of the factors she believes has made the adjustment easier is that instead of reheating someone else's meal, they are creating their own meals for students. "It's been a super positive experience," said Lusk. "The staff really enjoys the fact that they are now serving the kids meals. They are taking ownership."

While Lusk has shown the Board major improvements to Wiseburn's lunch program, she is still looking for more ways to enhance lunchtime. Her near future plans are to find ways to get even more students to use eat school lunches and serve those lunches more quickly.

"It's going to be speed of service and seeing what we can do to increase participation even more," said Lusk. "I'm really competitive, especially with myself and I'm not happy with 59 percent, I want even more."

On behalf of the Board, Banuelos expressed their gratitude to Lusk and her company for their part in reforming the image of Wiseburn's lunches. "They are all really happy with these meals. They want a hot meal everyday," said Banuelos. "Thank you for all your hard work." •

Analysts Hope to Wipe Out IUSD Funding Gap by Next Year

With the books now closed on the 2013-14 fiscal year, Inglewood Unified School District has reduced its structural budget deficit to just under \$4.8 million – that’s roughly half of the deficit projection from earlier in the year – and remains on track to completely eliminate the funding gap by 2015-16. Considering that Inglewood Unified faced a projected \$17 million structural budget deficit a little over a year ago, this constitutes a roughly 72 percent reduction in the District’s structural deficit in just 13 months under the current leadership team.

Increased savings were achieved last fiscal

year due, in part, to a purchase and hiring freeze and cost reductions in special education services, along with other factors designed to appeal to prospective students’ parents. For example, the District has started a dual immersion language academy for elementary students, which is the first of its kind in IUSD; committed to smaller class sizes, including some as low as 22:1 in kindergarten; and established a plan for updating aging facilities and building new state-of-the-art schools, including a redesigned Inglewood High and new Oak Street School. News for the ‘City of Good Neighbors’

From City Clerk Norb Huber

FEELING GUILTY?

We’ve been hearing about the California drought for several years now. We know it has reached emergency levels. We have not yet had any direct communication from our City or water company giving us water use rules to follow. Given the need to conserve water, have you begun to feel guilty when you take a long shower or when you watered your grass every day during the recent heat spell? It’s hard to really worry about the small amounts each of our residences use when we see water mains breaking and spewing thousands of gallons of water into the street. It’s kind of like our vote in an election, each of us count. If we all conserve, we all will have enough, we all will win. Now, if the good Lord would send us some good long rain storms this winter, we may not feel so guilty next spring. Some of my readers like it when I make a recommendation like: “conserve water, drink beer instead”. Maybe you won’t feel so guilty.

CELL PHONES ARE PART OF US

Remember the days when if you didn’t have a home phone you were really out of touch? Maybe you remember a time when if did not have an email address you were considered behind the times. Now, if you do not have a cell phone you are living in the past. And not just any cell phone, it has to be a smart phone. A recent survey found that female college students spent on the average ten hours a day on their phones texting, emailing and Facebooking. They call it “staying connected”. Some of our greatest anxiety comes when we either can not find our phone or we run out of battery. I wonder what it would be like if my wife couldn’t get a hold of me at any moment. I might feel estranged for a few hours, that is, until my phone got recharged.

JOB FAIR TO BE HELD

Mayor Brown and the City of Hawthorne along with many other agencies and businesses are hosting a job fair and expecting a large crowd of people to show up to get information on employment. The fair will be held at the Memorial Center on Thursday, October 2 from 10 a.m. to 1 p.m. If you are looking for a job then bring copies of your resume and dress for success. Over 30 companies are expected to be

there with information tables. LA County Office of Education, City of LA, the South Bay Workforce Investment Board, along with companies like UPS are planning on being there this Thursday.

50TH ANNIVERSARY OF MOOSE LODGE

The Moose Lodge of Hawthorne will be celebrating 50 years of service to the community on Sat-

urday, October 11 with a dinner at the lodge located on Inglewood Avenue. The price of the dinner and entertainment is \$15.

3-ON-3 BASKETBALL TOURNAMENT

Councilman Alex Vargas is hosting a 3-On-3 Unity Basketball Tournament on Saturday, October 11 at the Betty Ainsworth Center. Please contact the City Manager’s office for detail on how to sign up a team.

ANOTHER HOOP TO JUMP THROUGH WITH TIME WARNER

It sure was kind of Time Warner to allow the Dodgers to show their last six home games over a free broadcast channel. I have stuck it out with our local cable provider and have been able to watch the Dodgers during their pennant race. The last two weeks, one of my tv’s was broadcasting the games in Japanese. So, not only did I get to watch the games, I learned a little foreign language along the way. This past week, the cable provider required me and any one else left as a subscriber to rent converter boxes for each of our additional televisions in our houses. So, I spent Sunday afternoon speaking with technical support trying to get each of the new converter boxes activated. The boxes are free until the end of the year, at which time they will cost me an addition \$1.50 per month to rent. It makes me long for the days of “rabbit ears”.

FORMER STUDENT SIGNS BIG CONTRACT

Jerrel Casey was in my Algebra and Geometry classes seven years ago. He now is a star lineman for the Tennessee Titans of the NFL. He just signed a contract extension for \$34 million. His mother was there for the signing. He gave her credit for his success as a football player and a person. It’s nice to hear that some football players have their life together and they show gratitude to the ones who have allowed them to live out their dream. •

Morningside Crushes Gardena; Gears for View Park

Morningside High's football team will be playing in the highly competitive Bay League and it is heating up for it after routing host Gardena 50-0 in an intersectional non-league game last Friday. The win put the Monarchs with the best preseason record of any Bay squad at 3-1. Morningside's schedule, may not be the likes of what Palos Verdes, Mira Costa, Inglewood and Redondo have, as they have been playing Southern California powers Sherman Oaks Notre Dame, Harbor City Narbonne, Upland, Mission Viejo and West Torrance.

The Monarchs were led by senior running back Christian Williams who scored three touchdowns on runs of 15, 22 and six yards. He rushed for 201 yards on 14 carries. Junior Jonathan Hill scored two TD's on an 18-yard reverse run and a 78-yard kickoff return that completed Morningside's scoring with 7:23 left in the game. Junior quarterback Travian McGee threw a four-yard touchdown pass to sophomore wide receiver Adarrus Wilson and

Isaac Lewis added an 18-yard scoring run. Kicker Jose Azanon had a 23-yard field goal in the third quarter and converted on four of seven points after touchdowns.

"Up front, we're doing better," Morningside head coach Derwin Henderson said. "We're trying." After their preseason finale against View Park, the Monarchs begin Bay action at Coleman Stadium against Peninsula on October 10.

LEUZINGER TOPS RANCHO DOMINGUEZ

Leuzinger High's football team improved to 2-2 with a 28-13 home victory over Rancho Dominguez Prep from Long Beach last Friday. The Olympians had two touchdowns apiece from Nathan Vaughn and Adrian Galera. Vaughn started Leuzinger's scoring with a game-opening 95-yard kickoff return, then

finished it in the fourth period on a 74-yard pass from quarterback Edson Santos.

"The kids played hard," Leuzinger head coach Dameon Porter said. "We're going the right direction." The Olympians already are quite a bit improved from last year's 0-10 slate. Next for Leuzinger is the Mayor's Cup showdown at rival Hawthorne Friday at 7 p.m. The Cougars are also 2-2 after losing to a very good Golden Valley team, 28-0, last Friday at Hawthorne. Golden Valley plays in the always highly competitive Foothill League.

INGLEWOOD, NORTH END IN DOUBLE FORFEIT

Inglewood and North Torrance's non-league football game ended in a double forfeit after a bench clearing confrontation late in the third quarter. The incident happened shortly after a late tackle on a punt return by Inglewood with 46 seconds remaining in the third period. Both benches cleared and, after officials attempted to sort it out with numerous players already being ejected, they felt that the contest could not go any longer and called the double forfeit.

The Saxons, who are 3-2, were leading 21-14 during that time shortly after Justin Allmond gave them the lead on a 99-yard interception return. Inglewood fell to 2-2. The Sents were led by quarterback Kindric Johnson who ran for two touchdowns and Zabayr Muhammed, who rushed for 100

since the Saxons, who played a zero week game at home against Redondo (won by North 13-10) on August 29, have a bye this week. Barring that this week's forfeit from last Friday's incident happen, Inglewood host CIF-L.A. City Section School University Friday at 7 p.m. The Sentinels begin Bay action at Redondo on October 10.

LAWNDALE ROLLS OVER PENINSULA

For the third consecutive time, Lawndale High's football team defeated Bay League team Peninsula 42-21 last Friday at Lawndale. The Cardinals, who improved to 2-2, continued to be led by junior quarterback Chris Murray who completed 16 of 28 passes for 209 yards and two touchdowns and rushed for 135 yards and three TD's on 12 carries.

Both squads were tied at 21 early in the third quarter after Peninsula scored and added a two-point conversion, but Lawndale scored the game's final 21 points. Two of those were scored by Murray from 30 and eight yards and he tossed a scoring pass to wide receiver Bryant Perkinson that clinched the game.

The Panthers were led by running back Rory Hubbard who carried the ball 20 times for 138 yards and one TD. Lawndale will visit ex-Pioneer League foe Torrance tonight at 7 p.m. The Cardinals begin the Ocean League at home against Culver City on October 10. •

Five Things To Look For When Shopping For Your Next Vehicle

(BPT) - When was the last time you met with a financial professional? Would you be more likely to keep those appointments if you knew some specific questions to ask? These meetings provide an important opportunity for you to ensure your strategy is still on track and ensure your family and finances are protected. You can get the most out of your meeting by asking the right questions. Whether it's your first meeting or your 20th, Thrivent Financial suggests you consider asking these questions when meeting with a financial professional:

1. Is my coverage adequate?

Ensuring proper financial protection against death, disability or injury is one of the most important things you can do for your family. Talk to your financial professional about cost concerns, protection options and how you can make sure that your family will be covered financially in the event of an untimely death or disability. If you've experienced major life changes like the birth or adoption of a child, purchased a house or gotten married, chances are your protection will need updating.

2. What are some creative ways we can refine my strategy to help maximize benefits?

A financial professional can help you organize your financial strategy in a way that factors in things like taxes and market volatility, and he or she will know what changes are on the horizon that could affect you. A financial professional can also help use primary products, like life insurance, in unique ways - like helping supplement a retirement income stream. These are applications many don't know about but can offer different

advantages to your financial strategy.

3. How are my financial strategies aligning with my values?

Having a financial strategy that allows you to align your finances with your values is another important topic to bring up. If you have charitable causes you want to support, or volunteer trips you want to take, make sure your financial professional knows about them. He or she can help you develop ways

to bring your generosity to life.

4. Tell me about the strength and stability of your company or organization.

Insurance is only as strong as the ability of your financial institution to pay out claims when you need to claim a contract. Make sure to investigate the strength and stability of any company you're working with to ensure it is financially sound enough to make good on its obligations.

5. What should I do differently in the next year?

This seems like an easy question, but you'd be amazed how few people ask it. Your financial professional is often in a unique position to help you stay ahead of the curve when it comes to your future strategy needs. Taking advantage of market volatility and ensuring your future protection needs are just two of the many variables to consider. Yearly meetings with a financial professional can help you hone your financial strategies for the upcoming year and help keep them as healthy as possible.

Your time is valuable, and your financial future is even more valuable to you and your family. Make sure you're maximizing both and ensure you get the most out of meeting with your financial professional. •

Pets Without Partners Purrrfect Companions

Katie is a formerly homeless dog who is happy and loving.

Come and join us at the Manhattan Beach Hometown Fair this weekend, October 4 and 5, from 10 am to 6 pm. We will be in front of Fire Station 1 at 400 15th Street. All our dogs will be attending and be waiting to meet you! Adopt a "pet without a partner" and give a homeless pet a second chance in life.

Katie was found in the parking lot of Vons with no form of identification and no microchip. This sweet girl is around 1-2 years old and weighs 12 pounds. We believe her to have some Dachshund in her due to her beautiful black and tan markings and possibly some Beagle with her sweet demeanor and soulful eyes. She is happy, loving, and good with the other dogs in her foster home. Katie has learned to use the

doggie door to do her business outside and has become a very nice little house dog. Katie is spayed, current on vaccinations, microchipped, fine with other dogs, and best with children over six.

MoJo was rescued from a shelter where he entered as an owner surrender; he could have been euthanized at any time to make room for other impounded dogs. MoJo is around one year old and weighs six pounds. In his foster home, we have found out he is housebroken and great with the other dogs. MoJo appears shy when you first meet him, but he warms up quickly. This love bug is very sweet, cuddly and playful. He is not accustomed to children and we noticed that they make him a little nervous, so we ask that any children in the home

be over 12 please for his safety and size. MoJo is neutered, current on vaccinations, microchipped, and fine with other dogs.

Pebbles is a beautiful little Maltese and Terrier mix. She was boarding at All Pets Veterinary Hospital and her owner never came back and claimed her. Sadly, she was abandoned. Pebbles is seven years old and weighs eight pounds. She is a very healthy, sweet little dog. This darling girl is fine with all people, great with other dogs, and cat safe too! Pebbles is spayed, current on vaccines, microchipped, good with other dogs, and best with children over six.

To learn more about these and other wonderful dogs, visit our website at www.animalsrule.org. If a dog is on our website, it's available. Come to our Saturday adoption events from 11 a.m. – 3 p.m. at 305 North Harbor Blvd., San Pedro (just off the 110 near the cruise port). We are always in need of donations for veterinarian bills and our senior dogs. Donations can be made through our website or by sending a check payable to: Animals Rule Placement Foundation at 305 North Harbor Blvd., San Pedro, CA 90731. All donations are tax-deductible; we are a registered 501©3 non-profit organization. •

Happy Tails

Lola has a new best friend and a new happy family.

There are too many unfortunate pets who enter, but never come back out of the shelters. **Lola** was one of the lucky ones who came out through the Animals Rule Foundation and went on to find her own "Happy Tail."

Norman is a green-eyed cutie who gets along with other cats

Norman was rescued off the streets of Long Beach, where he was being bullied by the local feral cats. Poor Norman is too sweet to cause any trouble, and gets along fantastically with other cats despite his rough history. This adorable, green-eyed boy is a food loving little snugglebug who enjoys being in your arms or sprawled out right next to you. Norman is very outgoing and confident. He is great with kittens and is ok with cat friendly dogs who leave him alone. Norman is very mellow and calm; he would be happy as an only cat or with a kitty buddy.

Mikaela was rescued along with her mother, **Stevie**, from a high kill shelter. Now these affectionate girls can't wait to find homes of their own! Mikaela is fairly mellow and extremely sweet. She enjoys playing with people and is very outgoing. Her 2-year-old mom Stevie loves to be petted and get kissed. She will greet you at the door when you come home, ready for snuggles. Stevie is a confident kitty and very outgoing.

Amalia was also rescued from a shelter along with her siblings and mother. She is super sweet girl who loves to cuddle. Amalia is very high-energy and loves to romp and wrestle with her fellow foster kittens. She gets along with everyone she meets, including dogs! Amalia would be very lonely on her own, so she must be adopted to a home with another kitty.

These kittens are available for adoption through Kitten Rescue, one of the largest cat rescue groups in Southern California. All of our kitties are spayed/neutered, microchipped, tested for FeLV and FIV, dewormed and current on their vaccinations. For additional information and to see these or our other kitties, please check our website www.kittenrescue.org or email us at mail@kittenrescue.org. Your tax deductible donations for the rescue and care of our cats and kittens can be made through our website or by sending a check

LAWNDALE, CA 90260 Assessor's Parcel No.: **4077-026-001** **NOTICE TO POTENTIAL BIDDERS:** If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call **800-280-2832** for information regarding the trustee's sale or visit this Internet Web site <http://www.qualityloan.com>, using the file number assigned to this foreclosure by the Trustee: **CA-14-623686-JP**. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or

Each bid shall state the unit price of each item if called for on the Bidder's Proposal and Statement form. In the event alternative bids are called for in said form, each alternative bid shall be completed.
Each bid shall be submitted as one (1) original set and two (2) copies set. Bids will be opened in public in the **Office of the City Clerk** and will then and there be announced to all persons present.
A CD-Rom version of the plans and specifications may be purchased from the Residential Sound Insulation Department, 5th Floor, Inglewood City Hall, One Manchester Blvd., Inglewood, California for \$25.00.
Each bid must be accompanied by a deposit in the form of cash, a cashier's or certified check made payable to the City of Inglewood, or a bid bond, for an amount of not less than ten percent (10%) of the aggregate of the bid, as a guarantee that the successful bidder will, within the time specified, enter into an agreement as provided in the bid document and furnish bonds when required in the Special Provisions. One for faithful performance in the amount of the contract sum, and another for contractor's labor and materials in the amount of the contract sum.
