South Bay Maintains Sustainable Yards

As Southern California has been enjoying another warm winter, the drought continues on (according to the National Weather Service, only 1.25 inches of rainfall were recorded at LAX in January). Sustainable yards like this one in Hawthorne keep the water use to a minimum. Photo by Peter Thornton, jp.thornton58@gmail.com.

Darby Park to Receive New Fitness Equipment

By Cristian Vasquez

Upon the recommendation of the Parks, Recreation and Library Services Department, the Inglewood City Council voted to award a contract to Carolino Construction Corporation to complete the Darby Park Fitness Equipment Project.

The agreed upon contract between the City of Inglewood and Carolino Construction Corporation is in the amount of \$46,250 with an approved contingency fund worth \$3,000, all to be paid for via a grant fund.

Inglewood's Darby Park is located at 3400 W. Arbor Vitae. The 14-acre park, which sits just east of Hollywood Park and the iconic Forum, is home to several baseball fields, tennis courts and basketball courts. It is also host to a skateboarding area as well as long stretches of walking and jogging paths.

On Oct. 16, 2014 the City of Inglewood was granted Los Angeles County Proposition A excess funds. The new source of monies were to be used to upgrade the heating and cooling system in the Martin Luther King Recreation Center, while also installing new outdoor exercise equipment and fitness stations throughout Darby Park. The upgrade-process of the heating and cooling system in the recreation center was completed during the month of December 2014.

"Staff is now prepared to move forward with the installation of six fitness stations, which will be adjacent to the MLK Recreation Center in Darby Park," states the staff report presented to the council.

Carolino Construction Corporation was chosen as the lowest, responsible bidder and will install a four-person twisting station. This fitness station allows a person to stand or sit as they face a place to hold on to with their hands. As the person holds on, the lower

body conducts a twisting motion from left to right, which causes the waist and upper body to stretch while aiding the individual in the "recovering lost agility" states the staff report.

Another one of the stations will include the two-person vertical press, which allows park patrons to sit at a station, grab on to two

"Staff is now prepared to move forward with the installation of six fitness stations, which will be adjacent to the MLK Recreation Center in Darby Park,"

handles placed at chest level and push up. This exercise strengthens shoulder and arm muscles. The fitness stations will also include equipment that will allow for cardiovascular exercises.

A third fitness station will include a two-person cross-country ski where the two people mound equipment in a standing position and facing each other. Each person grabs a set of handles and places their feet on ski-like platform, at which point limbs are moved back and forth emulating a skiing motion. The staff report indicates that this exercise strengthens leg muscles, improves cardiovascular endurance, helps recover lost agility and is also considered a social activity exercise.

In similar fashion to the two-person cross-country ski, a different fitness station will host the single elliptical. This machine is mounded similar to the two-person cross-country ski but the ski-like platform moves in a circular motion from behind, submitting the body the same motion as if it were running, but without the impact on the joints. This exercise is also described by the staff report as good

for strengthening leg muscles and improving cardiovascular endurance.

The last two fitness stations to be installed include a recumbent bike, which strengthens calves, hamstrings, quadriceps and glutes while increasing cardiovascular endurance. A rowing machine will also be added to the park, which is also attributed to increasing cardiovascular endurance as well as strengthening back muscles, shoulders, arm muscles and abdominal muscles.

Carolino Construction Corporation was also selected to complete the project due to its previous history with the city, as it not long ago completed the Vincent Park Lighting Upgrade Project, as well as the Darby Park Lighting Upgrade Project. Based on the agreement, all work related to the project is to be completed 30 days after the notice to proceed has been issued.

CITY TO HOST FREE DONATION DROP OFF, DOCUMENT SHREDDING

On Saturday, March 7 from 9 a.m. to 1 p.m. the City of Inglewood will host a free donation drop off and document-shredding event in front of Inglewood High School, located on the corner of Grevillea Avenue and Manchester Boulevard.

The drop off and shredding event is only free to Inglewood residents and they must provide an identification card to prove residency within the city. This drive through drop off limits each car to only three boxes or three bags for document shredding. Donation items being accepted include: gently used clothing, shoes, household appliances, computers, cell phones, televisions and any other electronic devices.

For more information, persons interested can call the city's public works department at (310) 412-5333. •

Mark Smoke Larson, 1920 – 2015

Mark Smoke Larson, a 1938 graduate of Inglewood High School, died in Sedona, Arizona after a short illness. An electronics technician for NASA, he designed and built radios used in the Apollo space program. An

accomplished double bass player as well, he contributed to the jazz scene in Virginia and Texas until the demands of the Space Race required all of his attention to work.

January 9, 2015 was a sad day for us, but we can feel good about, the honorable life Mark lived. He was a good and talented man. He lived through history-making times of manned spaceflight and the Apollo Moon Missions. He was a part of making that history. His own electronic hardware contributions at NASA-Houston were flown on many Apollo launches. He was a master carpenter as well, building three houses during the course of his life, houses that, like his NASA radios, were built way beyond spec.

What more is there to say about one of us when we are departing? Just this:

Devoted Husband, Dad, Grandfather, Great grandfather, Brother, Uncle. Master Electrician, Mechanic, House-builder, Traveler, automobile fixer and driver extraordinaire, Landscaper, Best friend to all Dogs, Mr. fix-it.

Gone, greatly missed, but never forgotten. Thanks for everything, Dad. •

OBITUARIES

Every day in the Daily Breeze we read the latest news and then we turn to the next page and it hits us right in the face. We are reminded of our mortality. We see all of the South Bay people who have passed away during the past week. We read their obituary. The write ups tell us a little about a person’s life. Quite a few of these long time residents have migrated from the Midwest. They came to sunny Southern California for aircraft jobs. Later, they came for aerospace jobs. They settled here and raised their families. They had a good life. Death seems so final. You are alive one day and the next you’re gone. Recently, I attended a memorial service for a Christian friend who was 99 years and 8 months old. He didn’t quite make the century mark. It is my belief that the death of a Christian is a homecoming. Through faith in the risen Lord and Savior Jesus Christ, a Christian is given eternal life in heaven. The best part of all, I’m not saved by how I do down here. I’m saved through faith, even that is given to me by God. I don’t anticipate being “written up” soon, but it sure is nice knowing that won’t the last page of my life. Be sure to read the comics on

the next newspaper page it’s a little more fun.

HAWTHORNE VS TORRANCE

With the recent explosion at the Exxon/Mobil plant in Torrance, I thought of another comparison between Hawthorne and Torrance. They are in the business of keeping our gas guzzling, global warming vehicles going by producing carbon-producing fuel. In Hawthorne, over at Tesla, engineers are designing electric cars that emit no smog. Are we leading the way, or what?

WATER RESTRICTION GUIDELINES

Yes, we did have a light rain storm move through this past Sunday, but we are very much still in a severe drought. We need to conserve water. Here are the restriction guidelines that the City Council of Hawthorne has voted upon regarding residential water use: “In response to the ongoing severe drought, the State Water Resources Control Board approved an emergency regulation to ensure water agencies, their customers and state residents increase water conservation in urban settings. With this regulation, all Californians will be expected to stop: washing down driveways and sidewalks; watering of outdoor landscapes that cause excess runoff; using a hose to wash a motor vehicle, unless the hose is fitted with a shut-off nozzle, and using potable water in a fountain or decorative water feature, unless the water is recirculated.”

Outside watering of lawns and gardens can take up to 70 or 80% of our home water use. A lot people are looking to install drought resistant landscapes in the yards. There are rebates available if you install artificial turf. Water is a precious commodity, let’s all do our part to conserve. •

Leuzinger Advances to Quarterfinals

By Joe Snyder

Leuzinger High's boys' basketball team advanced to the CIF-Southern Section Division IIIA quarterfinals by way of a 46-43 second round victory over host Bishop Amat last Friday in La Puente. In a defensive battle, the Olympians, who improved to 16-12 overall after winning the Pioneer League at 8-2, won the game on a three-point basket by Kavon Fair with six seconds left in the game. Fair led Leuzinger with 13 points.

In the first round on February 18 at Leuzinger, the Olympians rallied from a 13-point second quarter deficit to top Lakewood Artesia 51-44. Leuzinger started off slowly trailing the Pioneers 20-7 early in the second quarter. The Olympians cut the lead, trailing 24-18 at halftime. They got close but the turning point came with 2:57 left in the game when junior Darrion Williams went toward the basket but was fouled by Artesia's Gary Williams. In frustration, Williams slammed the ball to the court causing a technical foul and giving Williams four free throws. That was with the score tied at 39. It was right away that Leuzinger made the six-point play when Williams made all four free throws and, after the Olympians inbounded the ball, Christian Odionu rebounded a missed shot and scored giving Leuzinger a quick 45-39 lead and never trailed from there. That was the kickoff of a 14-0 run that gave Leuzinger a 51-39 lead dimming any hopes of an Artesia comeback.

"That technical definitely helped us," Leuzinger head coach Ali Parvaz said. "Before, we kept coming to tie but we weren't able to pull ahead."

Against the Pioneers, a once-proud program that had numerous CIF-Southern Section and California state championships during the 1990s and up to several years ago before a scandal caused them to not be at the same level, Leuzinger's sloppy start saw it fall behind by as many as 13 points before slowly inching in. The Olympians were able to tie the game several times and Artesia would lead by between two and four points

Leuzinger's Christian Odionu goes up for a basket above an Artesia defender in last week's CIF-Southern Section Division IIIA boys' basketball first round playoff action. The Olympians came from behind to win that game 51-44, then advanced to the quarterfinals with a 46-43 win at Bishop Amat last Friday.

throughout the third quarter and up to the critical technical foul on Williams.

Darrion Williams led Leuzinger with 18 points. Davante Carr added 11 points and Odionu chipped in 10. The Olympians outscored the Pioneers 22-11 in the fourth period, as Darrion Williams and Odionu combined for 14 of those points.

Leuzinger hopes to advance to the semifinals for the second time in three seasons as it hosted Tahquitz from Hemet last Tuesday. If the Olympians win, they will play in the semifinals at a site to be determined Friday at

7 p.m. The championship will be on March 6 or 7 at either Azusa Pacific University or Godinez High in Santa Ana.

Leuzinger's last finals appearance was when it won the Southern Section Division IA crown over Santa Monica in 2010. That squad was head coached by Redondo head mentor Reggie Morris, Jr.

MORNINGSIDE MAKES QUARTERS

Morningside High's boys' basketball team advanced to the CIF-Southern Section Division IVAA quarterfinals after home wins over Atascadero and Workman from City of Industry last week. In the first round on Feb. 18, the Monarchs slipped past the Greyhounds 63-62. In the second round last Friday, Morningside defeated Workman 63-54.

Against Workman, the Monarchs, who improved to 18-10 and finished third in Bay action, were led by Patrick Jones with 13 points, and Mahleek Gordon and Charles Wright with 10 points apiece. Morningside had a balanced attack in its win over Atascadero. Charles Wright led the Monarchs with 17 points, followed by Chio Harris with 12. Chris Bradford added seven points and six blocks.

The Monarchs visited second seed Chaminade in West Hills in the quarterfinals last Tuesday with the semifinals Friday at 7 p.m. The Eagles won the California State Division III championship last season.

LAWNDALE RALLIES PAST HEMET

Once down by 14 points, host Lawndale High's boys' basketball team rallied for a 74-61 victory over Hemet in the first round of the CIF-Southern Section Division II playoffs last Friday. The Cardinals climaxed the rally by outscoring Hemet 23-5 in the fourth period. Brodericks Jones led Lawndale (17-10) with 15 points and 10 rebounds. The Cardinals visited Kaiser in Fontana on Tuesday with the quarterfinals Friday at 7 p.m.

INGLEWOOD ROLLS IN FIRST ROUND

Ask DMV: Questions and Answers for February 2015

The DMV is now using TouchScreen technology to administer the driver knowledge exam. How is it different from the written version?

Instead of using a paper and pencil to take the exam, you now simply touch the correct answer on monitor screen. The TouchScreen system guides you through the testing process and gives you immediate feedback if you answer a question incorrectly. It is currently offered in both English and Spanish. Additional languages will be added.

This technology reduces test times, improves field office wait times, minimizes fraud by randomizing test questions and answers, and provides easier maintenance of test questions, currently conducted manually.

Make sure you review the California Driver Handbook. You can find it at www.dmv.ca.gov. Do not forget to make an appointment. Good luck!

Do I need to visit a DMV office in order to renew my driver license?

Most drivers are not required to visit a DMV office each time they need to renew their driver license. Most of the time, a driver license can be easily renewed online at www.dmv.ca.gov, by mail, or by calling 1-800-777-0133.

However, the DMV generally mandates individuals with a clean driver record to visit

a DMV office once every 15 years in order to provide an updated driver license photograph and a vision test. You should carefully check your DMV notice to find out if you must appear in-person. If you are required to visit a DMV office, you are encouraged to schedule an appointment.

The DMV recently expanded the number of appointment opportunities available. Please be considerate of others. If you do not show up for your appointment, you prevent someone else from being able to use that time slot.

Are you required to make an appointment at the four Driver License Processing Centers to apply for an AB 60 driver license?

Appointments are not required, but strongly recommended, if you plan to visit one of the four Driver License Processing Centers located in Granada Hills, Stanton, San Jose, and Lompoc. These centers only process driver license transactions. They are open Monday through Saturday from 8 a.m. to 5 p.m.

Remember, that if you are applying for an original California driver license and plan to visit one of the other DMV field offices, and not a Driver License Processing Center, appointments are required.

The DMV lists several passports as acceptable documents to be used when applying for a California driver license under the AB60 law. Why is the country

of Colombia not on the list?

The DMV continues to work with countries and their consulates not identified on the current registration list. This list is not final. The DMV must go through the regulatory process to add documents to the current list of acceptable documents. Please keep checking our website, ab60.dmv.ca.gov, for updates on additional documents that will be accepted. DMV also offers another option for people from countries whose documents are not accepted. Under that option, applicants can present one of several documents which are available in this country and be interviewed by a DMV employee who will attempt to verify the applicant's identity. California is the first state in the nation to offer a secondary review process for applicants that lack typical identification documents to prove identity. For a complete list of accepted documents, visit AB60.dmv.ca.gov.

You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same

lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may contact Priority Posting & Publishing for information regarding the trustee's sale or visit its website www.priorityposting.com for information regarding the sale of this property. Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the website. The best way to verify postponement information is to attend the scheduled sale. The beneficiary of said Lien hereto executed and delivered to the undersigned, a written Declaration of Default and Demand for Sale, and a written Notice of Default and Election to Sell. The undersigned caused said Notice of Default and Election to Sell to be recorded in the County where the real property is located. Date: January 16, 2015 Association Lien Services, as Trustee P.O.
