## City Council Adopts Resolution Allowing Purchase of New Equipment for Police Department

**By Cristian Vasquez**

Through an amendment approved by the Inglewood City Council, the 2014-2015 Fiscal Year budget will appropriate more than \$2 million for hardware, software, and any services related to the purchase of a new Computer Aided Dispatch [CAD] and Records Management System [RMS] for the police department.

The amendment also included \$85,584 to obtain servers and storage from Dell computers and \$365,000 to buy new Mobile Date Computer [MDC] units.

The upgrades will assist the city’s police department, which relies on efficient dispatch and records management in order to function. Dispatchers, whom receive emergency information via the 9-1-1 as well as non-emergency calls, input the information they receive into CAD, which in turn creates a call for service that is transmitted to the officers on patrol. The officers receive those calls via MDCs and the radio system used by the department.

“After the call has been created dispatchers then provide real-time updates from crimes in progress and other urgent situations to provide officers with the most current information,” states the staff report presented to the city council. “Dispatchers use the CAD system to further ensure officer safety by constantly monitoring their location manually and logging any pertinent information relayed.”

In addition to the communication capabilities between dispatch and the officers on duty, the CAD is used to assign a disposition code to the call for service and the information regarding that incident is saved for future reference.

However, current CAD capabilities do not include a windows operating system, which keeps the police department from being able to fully integrate the RMS system. Due to this lack of full integration, the police department can’t use most of the software solutions that have been developed for law enforcement agencies. Through the use of a windows-based system the department’s personnel will have the ability to use geo-mapping, automated vehicle

*The upgrades will assist the city’s police department, which relies on efficient dispatch and records management in order to function.*

location, receive real-time crime trends and remotely complete police reports in the field.

“The Records Management System [RMS] is used by the Department to create, store, retrieve, retain, archive and view records, documents, or files pertaining to law enforcement,” states the staff report. “RMS covers the entire life span of records development from the initial generation to its completion and purging.”

The system has a variety of incident reports such as accident and incident reports, arrests, citations, warrants, case management, field contacts, and any other type of records relating to operation duties. The system also stores information pertaining to the police department such as fleet maintenance records, law enforcement personnel records as well as management functions and duty rosters.

Inglewood Police Department’s current RMS [Tiburon] was obtained 12 years ago as part of a consortium with other agencies in the South Bay area. Yet, staff believes that the system is insufficient for the current needs of the department.

“The system has been found to be severely lacking when compared with newer solutions,” was stated in the staff report. “This limits compatibility with other law enforcement systems and information sharing ability with some law enforcement agencies.”

Due to the need to upgrade the current system the council approved an agreement and authorized the use of several funds in order to make the recommended purchases on Feb. 24. Despite the authorization it was concluded that the council required approving an amendment in order for the necessary funds to be transferred.

“The purchase of these new solutions will also require the procurement of related items,” indicated the staff report. “ITC has recommended creating a stand-alone network for the new CAD and RMS. This will ensure it runs independently of the City’s network and will not hinder the performance of any other city system and remains secure.”

With the purchase of storage capabilities from Dell computers and the new MDC units, the department’s system is expected to be completely compatible. However, the department is still in the process of researching the most adequate units to accomplish said task. Once the department finds the specific units needed, a staff report will be submitted requesting that the council approve moving forward with the purchase. •

What Is the Best Method for Backup of My Data?

By Sid Kato, Array Systems, Inc.

Backing up data should be a priority for your business. All businesses depend on documents and data to function. Even small business, like mine, need to protect their information.

Financial records, significant documents, and communications are some of the basics a small business needs to back up. For these needs, an online backup solution will suffice. Several of the most popular options available are identified in this recent article: [http://pcsupport.about.com/od/maintenance/tp/online\\_backup\\_services.htm](http://pcsupport.about.com/od/maintenance/tp/online_backup_services.htm).

Online backup services provide you a built-in capability to retrieve files or documents, without having to figure out some complicated process on your own. Also, these solutions are incremental, meaning only the changes are transmitted to the cloud. The system “knows” it does not need to back-up identical information over and over again.

To me, the best feature of online backup services is that offsite storage is already built into the solution. You no longer need to be concerned with moving portable disks

or backup tapes to a secure offsite location. In my case, I no longer need to remember to take them home with me!

One of the oldest companies, used by many of my customers, is Carbonite. It is ranked third in the report evaluation above. Its ease-of-use makes it a popular choice. However, if your backup requirements are more extensive, Consumer Reports wrote a nice report which identifies several options available for backing up your data: <http://www.consumerreports.org/cro/computer-backup-systems/buying-guide.htm>.

Don’t forget to test your backup solution as part of your annual maintenance plan. Once your information is backed-up and secure, make sure you know the steps to recover you company’s information and that you actually “practice” how to do it!

## News for the ‘City of Good Neighbors’

From City Clerk Norb Huber

### CHOICES, CHOICES, CHOICES?

Around our house, Saturday evening is usually our night to eat out. After completing chores and running errands all day, my wife is not “into cooking a meal”. Around 6 p.m. the question usually comes up “Where should we go to eat?”. Last Saturday, Linda said, let’s go to “conveyor sushi”. Now, I like most any food that is put in front of me, but I am a little apprehensive when it comes to “raw fish”. After waiting 45 minutes, (always a good sign), we sat down at a table to watch the conveyor belt continuously run by with over 40 choices of Japanese food. To my surprise I enjoyed almost every delicacy that we tried. It turned out to be an enjoyable experience. At other times I am actually perturbed by the over abundance of choices we have to select from when ordering. High on my stress level experiences is going through the drive thru at fast food restaurants. There are too many “combos” to choose from. Usually, there is a long line of customers behind me waiting for me to move on. The menu sign is large. Do I want the triple decker cheese burger with onion rings or a spicy chicken sandwich? Do I want to supersize my order? What flavor of sugary soda big gulp do I want? That’s all too much for me. Too many choices. I like to keep it simple. Give me a hamburger and call it good. Oh, maybe some fried zucchini on the side.

### FLIGHTS CRAFT BEERS AND SPORTS GRILL

A new food establishment in Hawthorne is opening today at 5119 W. El Segundo Blvd., close to the 405 freeway onramp. Flights Beer promises to have over 40 craft beers on tap. The craft beers have some unique names. One of the beers on their website is listed as: North Coast Old Rasputin Imperial Stout Nitro. A friend of mine is considering opening up a brewery of his own right here in Hawthorne. Can you imagine all the possible names related to our city? Boulevard Brew, Good Neighbors’ Nitro, Good Vibrations Growler, Norma Jean Blonde, or a Jim Thorpe Thirst Quencher, the possible names list is endless.

### STATE OF THE CITY LUNCHEON

The annual State of the City Luncheon will be held at the Memorial Center tomorrow, March 13. Mayor Chris Brown will make his annual speech on the health of our city. For more information please contact the Hawthorne Chamber of Commerce.

## 6 Simple Ways To Make Your Bank Account Work For You

(BPT) - Are you making your bank account work for you? These days, checking accounts come with a variety of features, such as mobile alerts, that can help you take control of your finances and better manage your spending and saving. Are you taking advantage of them?

The recent Bank of America Trends in Consumer Mobility Report found that while consumers are widely adopting online and mobile banking, less than one-third are using the mobile alerts feature for their finances.

Follow these tips to ensure you're getting the most out of your banking relationship:

- Stay in-the-know with mobile alerts. Many banks offer banking alerts via email or text that notify you when your balance is low, if a bill is due, when your paycheck is deposited and more. Alerts are a great way to keep track of the funds in your account and help avoid overdrafts and late payments.
- Set up direct deposit. One of the easiest ways to get the most out of your checking account is by setting up direct deposit. With direct deposit your money is quickly and

securely deposited into your account, and banks often use this feature as a qualifier to avoid monthly maintenance fees.

- Track your spending using online and

mobile banking. Online and mobile banking are simple and easy ways to keep an eye on your account balance and spending. With your computer or smartphone, you can securely bank almost anytime, virtually anywhere. Many online and mobile banking services also enable you to transfer funds from your savings account to your checking to ensure purchases are covered.

- Use a debit card. Debit cards allow you to access your checking account conveniently and securely, without having to carry a lot of cash. You can use a debit card at a variety of locations worldwide or at ATMs for deposits, withdrawals or transfers between accounts. What's more, debit cards offer security if your card is lost or stolen or if fraudulent transactions occur.
- Pay your bills online, write fewer checks. Online bill pay provides an easy and convenient alternative to writing checks. Whether you're paying the phone bill or paying back a friend for dinner, doing so with online banking keeps an electronic record of your balance, and eliminates the

uncertainty of writing checks and waiting for them to be cashed.

- Learn how to help avoid overdrafts. It can be easy to lose track of your money when you're busy balancing everyday life. You can help avoid overdrafts and the fees that come with them by keeping a close eye on both your account balance and the money you plan to spend. Some banks are directly addressing this challenge by offering new accounts that specifically help protect customers from overdrafts.

"Some customers are seeking more predictability in the way they bank, and that includes preventing overdraft fees," says Titi Cole, retail products and underwriting executive for Bank of America. "It is important for customers to know that there are accounts available to help you spend only what you have."

Using these convenient account features can make your life and your relationship with your money much simpler and more productive. •

## Lawndale Blows Big Lead in Double Overtime Loss

Lawndale guard Brandon Newman shoots from outside the key in Saturday's CIF-Southern Section Division IIAA boys' basketball championship against Anaheim Canyon. The Cardinals blew a 28-point third quarter lead and fell to the Comanches 103-98 in double overtime.

Lawndale High's boys' basketball team made the CIF-Southern Section championship for the first time in the program's history and was seeking its first-ever title and only the second Southern Section crown in the school's history; the other being back in fall 1966 when its football squad captured the Class 2A championship.

Through the first three quarters of last Saturday's CIF-Southern Section Division IIAA final at the Honda Center Anaheim, the Cardinals appeared they would bring the school its first CIF athletic championship in more than 48 years as they held 28-point leads four times over Canyon High from Anaheim; their last being at 67-39 when six-foot-10 San Diego State University bound senior forward scored on a layup with 1:48 left in the period.

Lawndale still led by 22 (69-47) after the third quarter, then fell apart in the fourth period. The Comanches proceeded to outscore the Cardinals (22-10) 54-29 in the fourth quarter and two overtime periods to pull off a stunning 103-98 victory for the Division IIAA championship. Canyon, in fact, finished the game outscoring Lawndale 64-31 in the final 17:05 of the wild double overtime game.

Throughout much of the season, Lawndale had trouble holding on to leads. The Cardinals blew fourth quarter leads of 11 and nine points in Ocean League losses to champion Beverly Hills, which captured the Division IIIA crown over Newport Beach Corona del Mar 55-49 last Friday at Azusa-Pacific University, a lead to Santa Monica in league and nearly blew a large lead to Mira Costa in the quarterfinals on Feb. 27. The Cardinals, who were 7-3 in Ocean play, tied for second with Santa Monica. This, however, was a real stunner as Lawndale appeared to be well on its way to a win over the Comanches and its first CIF basketball crown.

Canyon, which tied for third in the Crestview League but is 23-9 overall, proceeded to outscore the Cardinals 35-13 in the fourth period that included three three-point baskets, to tie the game at 82. The Comanches took a 78-77 lead on Nick Anderson's layup with 1:42 remaining in regulation. Canyon held an 82-80 advantage on Anderson's free throw with 26 seconds to go in regulation before one free throw, apiece, from Quincy Pinkard and Tedric Johnson tied the game at 82 and sent it into overtime.

Lawndale appeared to be back on its feet with a 90-85 advantage on two free throws

by Jones, but a three-pointer from Justin Trias and a layup from Chandler Dignam with 42 seconds remaining in the first overtime period tied the game at 91 and it went into the second extra four-minute period.

The second OT period saw Trias connect on a three-pointer and Canyon would not trail from there. After Christopher White's three-pointer cut Lawndale's deficit to one-point (97-96) with 1:47 left but Anderson was able to connect on all six free throw attempts to upped Canyon's lead to 103-96 with 17 seconds remaining. Pinkard closed the scoring with a layup with four seconds to go.

"We couldn't make adjustments," Lawndale head coach Chris Brownlee said concerning Canyon's dramatic come-from-behind win. "They made a few three's and broke our pressure. We didn't take care of the ball and we weren't smart." Lawndale also committed 28 turnovers, missed 16 free throws and had some baskets nullified by offensive fouls.

The University of Southern California-bound Metu led the Cardinals with 24 points, 16 rebounds and five blocked shots. Despite the loss, Lawndale had six players score in double figures. Along with Metu, Jones added 15 points, five rebounds and two blocked shots. Pinkard contributed 12 points and four assists. Johnson, Brandon Newman and White each chipped in 11 points.

The Comanches were led by Anderson with a game-high 37 points, 11 assists and five rebounds. Dignam finished with 22 points and Trias put in 18. Lawndale advanced to

the finals by topping host Elsinore 54-48 on March 3. The Cardinals still made the Southern California Regional Division II playoffs where they opened as the fourth seed. They hosted 13th seed Grant of Van Nuys, the CIF-Los Angeles City Section Division II runner-up, in the first round on Wednesday. If Lawndale defeats Grant, it will host either fifth ranked Southern Section Division IIA runner-up Redlands East Valley or San Diego Section Division II runner-up Mira Mesa in the quarterfinals Saturday at 7 p.m.

### LEUZINGER TRIES TO PICK UP

It's been quite a while since Leuzinger High's baseball team had a winning season and this year's Olympians appear to still have a long way to go. Leuzinger High's baseball team started its season at 0-2 after home losses to Calabasas Viewpoint (18-1) and North Hills Monroe (9-1) last week.

This year's Olympians are under new head coach George Pech. He assisted recently resigned head mentor Greg Hancock last season. Leuzinger is still very young with five freshmen on its varsity roster, including last Thursday's starting pitcher Tony Ruiz against Monroe.

"We have a little more experience but we're still rebuilding," Pech said.

The Olympians are also waiting for four other players who are currently ineligible, including returning fourth-year starter and three-time all-Bay Leaguer Angel Vital and Mario Villa, a junior transfer from Environmental Charter from Lawndale.

Leuzinger tied the game at one in the bottom of the first inning on a single by Sergio Hernandez that brought home Andrew Salinas but the Vikings scored eight unanswered runs in last Thursday's Southern California Invitational contest.

Leuzinger freshman pitcher Tony Ruiz throws to a Monroe batter during last Thursday's Southern California Invitational baseball game. The Olympians lost to the Vikings 9-1.

The Olympians' loss to Viewpoint was also in the Southern California Invitational on March 3. Leuzinger visited Brentwood in the tournament last Monday and will host Compton Friday at 3:15 p.m. The Olympians visit the Tarabes Monday at the same time.

### HAWTHORNE OUTLASTS WINDWARD

Hawthorne High's baseball team won a Southern California Invitational game over host Windward 11-8 last Thursday in Mar Vista. The Cougars were led by Jamal Evans who went three-for-four, including a grand slam home run.

Winning pitcher Carlos Jacobo pitched 2 2/3 innings in relief and went two-for-four with three runs and four stolen bases. Hawthorne hosts University from West Los Angeles next Wednesday at 3:15 p.m. •

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens

senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on this property.

NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (866)-960-8299 or visit this Internet Web site http://www.altisource.com/MortgageServices/DefaultManagement/TrusteeServices/Sales.aspx using the file number assigned to this case 2012-25764. DETAILED SUMMARY OF

MATTER TO BE VALIDATED:

California Municipal Finance Authority ("the Authority") has established the Property Assessed Clean Energy ("PACE") Program (the "CMFA PACE Program"). The Authority seeks to validate all proceedings, actions, liens and contracts connected with the CMFA PACE Program, and to obtain an order from the Superior Court that the proceedings, actions, liens and contracts related to the CMFA PACE Program are valid, legal and binding and are in conformity with the applicable provisions of all laws and enactments at any time in force or controlling upon such proceedings, including but not limited to, the provisions of Article XIII D of the California Constitution, the due process and contract clauses of the Constitution of the United States, and their equivalent clauses in the California Constitution.

Unless you so respond, your default will be entered upon Plaintiff's application, and this Court may enter a judgment against you for the relief demanded in the complaint. Persons who contest the legality or validity of the matters which are the subject of this lawsuit will not be subject to punitive action, such as wage garnishment or seizure of their real or personal property.

If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. **NOTICE TO PROPERTY OWNER:** The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (619)590-1221 or visit the internet website www.dlpplc.com, using the file number assigned to this case **1390599-31**.
